Colour: _____ Microchip Number: _____

We believe that effective communication of fees and payment policy is vital to maintaining good working relationships. We encourage clients to ask for estimates of costs for all veterinary services prior to or at the time of the appointment.

Under the current National Credit Act, we are not registered as a credit provider.
All fees are due at the time services are provided. It is our policy to provide you with a written estimate of fees for any case where hospitalization will be provided.
A deposit will be required prior to your pet's treatment.

In the event your invoice is not settled in full at the time of your visit, and is subsequently not settled within 30 days, interest of 2% per month will be charged to any outstanding accounts and listed with our Debt Collectors (Accountability). Please be aware that should your account not be settled within 90 days your account will be handed over to our Debt Collectors (Accountability/PRS and Associates) for which you will be charged additional administration fees in accordance with being 'handed over'.

I, _____ have read and fully understood all of the above information.
